Mother Lode BLM
Kanaka Valley Public Meeting Recommendations

- BLM Fuels Program & Fire Protection

Recommend that the BLM specialists will complete a fuels plan with emphasis on Kanaka Valley Rd and areas near residences; the fuel breaks on BLM property bordering residences will be a priority.

Recommend controlled use of goats, sheep and similar-sized grazers only for vegetation management.

Recommend that dispersed open flame not be allowed.

- Scenic Values

Recommend categorizing the scenic values of Kanaka Valley as a BLM visual resource management class II.

- Cultural

Recommend that the BLM prehistorical/historical/cultural program protect valuable resources and provide educational information (e.g. informational panels) where appropriate.
